

Analyzing Passenger Statistics Aboard the RMS Titanic

The RMS Titanic set sail on her maiden voyage from Southampton to New York City on April 10, 1912, carrying 1,322 passengers and 882 crew members. In the early morning hours of April 15, 1912, Titanic collided with an iceberg, sinking the great oceanliner in 2 hours 40 minutes. With an insufficient number of lifeboats, many passengers and crew lost their lives in one of the deadliest maritime disasters in history.
